

5th Annual International Vision Conference

The *5th Annual Conference on Vision Restoration: Regenerative Medicine in Ophthalmology* will be held on June 25 – 26, 2015, at the University Club located on the University of Pittsburgh campus.

This conference brings together 150+ multidisciplinary experts including scientists, clinicians, engineers, and others working in the fields of Ophthalmology and Regenerative Medicine.

Attendees will be able to share ideas, insights, and discoveries that will improve the outcomes for the vision impaired.

For more information, please contact Lauren Wally at (412) 864-3283 or wallyl@upmc.edu.
