Dear Katherine Wharton,

On behalf of the Department of Physical Therapy, we would like to acknowledge your submission of the University of Pittsburgh/McGowan Institute continuing education course, "Human Performance Optimization State of the Science Symposium," on June 11, 2019.

After a careful analysis, we have determined that this course meets our Department of Physical Therapy Continuing Education Requirements. We are pleased to grant 7 general CEUs effective as of this date.

On behalf of the department, we believe that continuing education is paramount to professional development. This endorsement is one method to assure that this course provides rigorous information and meets the criteria for continuing competency in physical therapy.

Sincerely,

A handwritten signature in black ink, appearing to read "Tara Hankin".

Tara Hankin MS, PT
Vice Chair and Assistant Professor
Director of Post-Professional Education
