

## NOTICE: There is NO Parking at the McGowan Building

### Guidance for Visitors

Effective April 18, 2019, due to construction, there are NO provisions for parking at the McGowan Building; 3025 East Carson Street.

The Hot Metal Parking Garage (2822 Sidney St, Pittsburgh, PA 15203) is the closest public parking facility (about 3.5 blocks). The garage is open 24/7, and accepts credit cards or cash. See the annotations on the map below.

NOTE: Access to the McGowan Building via the “back entrance” (the door to the former parking lot) is limited due to construction activity. We recommend that you use the entrance on Carson Street.
